COVID PROTOCOL:

Covid-19 has significantly impacted the way Apopka Seventh-day Adventist Church Children's Ministries operate. We are following these guidelines for screenings, social distancing, cleaning, and how we deal with individually handled items in our classes. Our classrooms are disinfected by several safety means: touch surface cleaning and deep cleaning. Our primary goal is to provide a safe environment for your child in order to worship and learn about Jesus.

Children will be spaced apart at all times. All volunteers, parents, family members and teachers are required to wear masks.

WELCOME CENTER:

If you have any questions please feel free to stop by the Kid Zone Welcome center.
